Searching for the perfect shower gift? Look to *April Showers*!

Creator, April Salazar knows exactly what a woman needs when she heads to the hospital...x3!

Before each of her trips to the hospital she would say, "if only there were a bag that was already packed with everything I need." When she didn't find what she wanted, she took matters into her own hands!

April's bags are available in a variety of adorable styles and colors. The basic bag with the absolute necessities starts at \$45.00. They go up to \$85 as you add goodies like massage oils and your favorite spa products. What a thoughtful gift!
